BLEEDING DISORDERS  
COMMITTEE

# ANNUAL REPORT '19

## EHC WOMEN AND BLEEDING DISORDERS COMMITTEE

### THE COMMITTEE

**Our Goals:** Create awareness, recognition, support and education about and for women in the bleeding disorder community.

**We are there for:** women with bleeding disorders, carriers and partners of people with rare bleeding disorders

**We meet** montly online and personally at various events of the bleeding disorders community. We stay in touch via mail and WhatsApp and share docs via drive.

**Our members attended** the first European women and bleeding disorder conference, the Round Table about pain management, the EHC Leadership training, the EHC annual conference, our NMO meetings.

### WORK

- Presentation of the WBD Survey at various occasions
- First European women and bleeding disorder conference May 24.-26. 19
- Presentation of the first European WBD conference at the annual EHC conference
- WBD café at the EHC booth at the annual EHC conference
- Develop the second European women and bleeding disorder conference May 29.-31. 20
- Collaborate with EAHAD Working Group on Women and Bleeding Disorders
- Update the content on the EHC website
- Share available information on website, EHC facebook, advertise for WBD topics
- Work on a communication plan to educate patients and medical staff
