

# Belarus

Factor VIII per capita compared to other countries

This country fact sheet accompanies the EHC heat map and gives you further information on the country's progress over the various EHC surveys.

Here, you will see how the FVIII international units provision has evolved and compares to other countries. You will also find the same parameters as in the heat map.

Change since previous survey: ▲ Improvement ▼ Decline

		2009	2012	2015	2018
International units per capita	Factor VIII	0.00	0.00	0.00	▲ 3.79
	Factor IX	0.00	0.00	0.00	0.00
